Hi Shera,

I would be happy to update the workplan. The dates in the plan all say "present - 2025." I am still fine with that timeframe even after the months that have passed. Are there dates elsewhere that are nearer term? I am not seeing them.

Hi Erica – How are you and the family doing? I'm hoping that all is well. Based on a discussion with my colleagues, it sounds like we are close to finalizing the settlement agreement, so I've been asked to reach out to request that the workplan deliverable due dates be updated since the application was submitted in March and several months have passed.

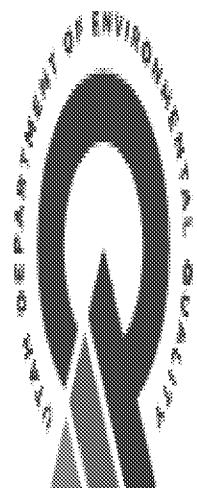

Once you send me a revised workplan to reflect updates to deliverable due dates, I'll work with our grants office to wrap up the grant award.

If you have any questions, let me know. We are continuing to telework, and I'm reachable via email or phone

at Ex. 6 Personal Privacy (PP)

Cheers - Shera
